Subject: Announcement for New Mobile Apps (ECM & Approval Hub)

As part of our continuous commitment to the enhancement of IT Services and driving the Company digital transformation, we are pleased to announce the official launch of two innovative Mobile Apps: **ECM Mobile** and **Approval Hub** with key features and capabilities.

The new Apps are designed to work in synergy to fully automate and mobilize the key business processes including but not limited to the memo cycle as well as other critical approval workflows, to be securely accessible at anytime from anywhere.

This milestone represents a significant step in the Company digital transformation roadmap with tangible benefits that shall streamline workflows, boost internal communication efficiency, ensure faster actions, guarantee compliance with unified templates, and significantly improve user experience across the organization.

Key functions & Capabilities:

1- **ECM Mobile App** - Designed to mobilize the document lifecycle that allows users to:

- Review, comment and digital initial.
- Tracking, follow-up and monitor.
- Approval, digital signing
- Submission and distribution.

2- **Approval Hub Mobile App** - A powerful, unified platform that consolidates requests from multiple enterprise systems into a single, intuitive user interface (UI). Currently, users can action:

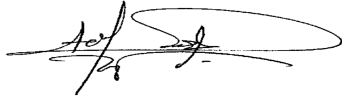

- End of Service Requests.
- Tools and Vehicle Requests.
- ECM Easy Memo Requests.
- Payment, Bank-to-Bank, and Cash Flow Requests.
- eBeams CRP and SO Requests.
- Permanent and Temporary Pass Requests.

The Approval Hub is designed for continuous expansion; we are currently finalizing the integration of several new modules, including CFA, Leaves, and External Courses, which will be available shortly.

Please use the attached manual to install and configure both apps. These Apps are designed to improve your daily accessibility and efficiency.

For further help and support, please reach out to ECM Help Desk at **Hotline 111**.
